

The Transportation Advisory Committee (TAC) helps the Township Committee and development boards find achievable solutions to traffic problems in the Township. Members must have knowledge of or experience in transportation-related endeavors, familiarity with the Master Plan, and the ability to prioritize the interest of all Township residents. The Committee helps identify current problems, anticipate future issues, study traffic circulation, investigate grant opportunities, and propose solutions.

Meetings: Wednesday mornings 8:30 AM, quarterly, as called by the Township Engineer.
